Summary

Computer Science graduate with a solid academic foundation and practical experience in programming and freelancing. Completed professional training programs from the Information Technology Institute (ITI) and Maharah Tech, enhancing both technical skills and real-world readiness.

Specialized in Front-End Development, having completed advanced courses in UI/UX design, including a dedicated front-end development course with IEEE. Played an active role in IEEE as an HR member, which developed strong soft skills such as communication, leadership, and teamwork.

Combines a strong technical background with excellent interpersonal abilities, and is well-versed in modern web development tools and frameworks. Eager to contribute to dynamic teams or pursue independent projects in the software development field.

Education

Damietta University | Faculty of Science

Bachelor’s in Computer Science | Expected Graduation:

Experience

Experience (Experience)

- Experience (Full - Time) July 2024 – October 2024
- active role in IEEE as an HR member
 - in Front-End Development, having completed advanced courses in UI/UX design

Volunteering

-
- Volunteering November 2024 – Present
- IEEE HR

Projects

Projects January 2025 - Present

Brief

- Web Development Projects:
- Designed and developed multiple responsive and interactive websites, including a personal portfolio site showcasing skills, projects, and certifications. Applied modern front-end technologies to ensure clean UI/UX and performance optimization.
-
- Sign Language Translator (Python):

- Built an intelligent desktop application using Python that translates sign language gestures into text, utilizing computer vision and machine learning libraries. Aimed at improving accessibility for the hearing-impaired community.
-
- Graph Algorithms Visualizer:
- Developed interactive visual applications to demonstrate graph traversal algorithms (like DFS, BFS, Dijkstra), helping users better understand algorithm behavior through real-time animation.
-

Courses

course ITI ONLINE COURSE October - 2024

course MAHARA TEC FREELANCER SKILL

October - 2024

course FRONT END COURSE FROM BLACK HOURSE October - 2024

course IEEE HR October - 2024

course FRONT END FROM IEEE October - 2024

course BIANAT COMPANY SUMMER COURSE October - 2024

course October - 2024
